American Coal Council - GuideStar Profile

What with all the companies bailing out of the U.S. Chamber of Commerce for its extremist views on climate legislation and clean energy jobs - and new pressure mounting for even more defections - we'd almost forgotten about the implosion that was going on this summer at the American Council for Clean Coal Electricity, the #1 front group for coal. ...

Associate Membership | Indiana Coal Council | Indianapolis, IN

The global coal fleet - particularly in Asia - is young and growing. If the U.S. turns its back on coal or doesn't lead the way in developing breakthrough coal and CCUS technologies, any effort to reduce emissions in the U.S. will likely prove globally ineffectual and comically detached from global energy needs.
