Q4: Should you install air conditioning yourself or choose an expert? Unless your system is portable, your air conditioning system should only be installed by a licensed professional installer. Licensed installers carry an ARCTick of approval, which means they are qualified to safely handle refrigerant gases.

Aircraft Systems

The SA-008 COMM antenna is designed for installation in aircraft with larger vertical tails such as the Lancair IV, Glasair, Express and the many versions of Ex's. This dipole antenna is a full half wavelength which provides the maximum aperture at this frequency.
