"Libertine" (French pronunciation:) is a 1986 song recorded by French artist Mylène Farmer. It was the third single from her first studio album Cendres de lune and was released on 1 April 1986. It was particularly known for its huge music video, produced as a film and which contains explicit sexual and violent scenes. It met success on the French chart, becoming thus Farmer's first big hit.

Libertine (song) - Wikipedia

"Tristana" is a 1987 song recorded by the French artist Mylène Farmer. Fourth single from her first studio album Cendres de Lune , the song was released in February 1987. As for the previous single " Libertine ", the music video was produced as a film, with many extras and a huge budget.

Introduction. Geospatial analysis can be very difficult to do well. Much of the difficulty is cognitive and not related to an individual's ability to use the technical tools, i.e., GIS. It takes far greater mental agility than gathering evidence supporting a single hypothesis that was pre-judged as the most likely answer.

As Don L. Jewett stated, the problem with starting with a single hypothesis is that a bias can arise owing to an emotional attachment to the hypothesis and the temptation to misinterpret results that contradict the desired hypothesis ("What's Wrong with Single Hypotheses." The Scientist, Nov. 2005).
