It is also important not to over light, to control energy consumption and avoid light pollution / spill. As a guide the following table gives examples of lighting levels: Task undertaken EH (ave) Lux EH (min) Lux Uniformity ratio

[PDF] Cibse lighting guide lg6 - read & download
The below table provides a helpful guide to the CIBSE recommended lighting levels for the most common premises types. Remember, this is a guide and any specific building requirements need to be carefully considered. If in doubt, consult an expert! Mount Lighting can provide advice on the correct lighting solution for any application, drawing on our decades of experience in the lighting sector.

LG9: Lighting Guide 9 - CIBSE | pdf Book Manual Free download
Also the CIBSE Lighting Design Guides provide a very good source of guidance for the design of working spaces, and can be considered as best practice. Lighting Guide (LG) 7 is possibly the one most commonly referred to, but it is often misunderstood by being used to specify luminaires rather than the total environment of the space.
