and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

### **Pruning Grapevines**

In Napa Valley, much of this work is done by vineyard workers who are year-round employees. Here's one example of the precision with which winter pruning decisions in Napa Valley are made: some vintners may prune their Merlot vines a full two weeks later than normal in order to align the stages of growth with the later-ripening Cabernet Sauvignon, Merlot's frequent blending partner.
