Machinery's Handbook. It just doesn't get any better than this reference guide for machine tool practices. The perfect addition to any gadgetologist's shop library. After using it a few times, I would have to call it indispensable.

Machinerys Handbook Machinerys Handbook Large

The large print version is not really large print, it is what we would call normal sized print that we would read every day. Size-wise the book is comparable to the old family Bible passed down through many generations. I have been an engineer for all my life and Machinery's Handbook is my prime source of engineering information.
