Escher The Complete Graphic Work

I suspect many people have seen M C Escher's work, probably without knowing it. Some consider his art to be too mathematical. All I can say is for a 'mathematician' his wood blocks are incredible. A good book for reading up on the 'man', along with many colour plates of his work and a complete b&W works.

Escher The Complete Graphic Work

M.C. Escher is one of those artists that editors and art critics can't help but spew nonsense about. Taschen's collection of Escher's work is remarkably sparse on editorializing and allows the works to do what they have always done best: draw the viewer into the magical and hypnotic realm of M.C. Escher.
