### **FZ-i / FX-i SERIES - A & D Weighing**

A&D developed and released the FZ/FX-i Series of low cost, general-purpose balances as an entry-level version of the GX/GF Series in 2006. When A&D entered the balance market about 30 years earlier, it captured a tremendous share of the measurement instrument market for the first time with the release of the previous FX/FY Series.

## **FZ-i / FX-i SERIES - Scale Manuals**

The most remarkable feature of the FZ-i Series is that the balances incorporate our newly developed, air-pump-controlled internal calibration technology. This new technology adopts a direct-driving method that realizes a simple structure, high reliability and a fail-safe mechanism, while successfully reducing the production cost of the internal calibration unit generally a function that makes the device expensive.
