How To Write It Third

Writing in the third person is writing using the third person point of view. This involves using pronoun such as him, her, it or them. This is quite different from the first-person point of view which predominantly uses pronouns such as I and me and the second person point of view in which the main pronouns used are you and yours. The beauty of writing in the third person is that it gives your work an element of objectivity and flexibility.

Writing in the Third Person From the First Person

Most academic writing requires the use of third-person language. Rather than first-person words like I and we and the second-person term, you, third-person point of view uses pronouns such as he, she and they and nouns like students and researchers to indicate speakers and those being addressed.
