than being taught on a stand alone
basis. This philosophy supports the
notion that ESD is education for
sustainable development rather than
education about sustainable
development.

Integrated Approaches to Sustainable Development Planning

...

Many SDGs are interconnected with each other; an integrated approach implies managing trade-offs and maximising synergies across targets. For example progress in achieving SDG 1 No poverty , has direct and indirect positive impacts on health and wellbeing (SDG3), Quality education (SDG4), Gender equality (SDG5), Clean water and sanitation (SDG6), and potentially also leads to reduced inequalities (SDG10).
