Above Ground Swimming Pools | World Of Pools

These pools are made with components which are 100% aluminum. Aluminum above ground pools do not rust or corrode like steel can. The aluminum interlocking pool wall is powder coated with a beautifying enamel that adds a high glossy luster to the finish and further protects the aluminum for a finish that will last for many, seasons.

Aluminum Above Ground Pools

Winter Pool Covers take a beating every winter as they protect above ground pools from the nastiest of elements: rain, ice, snow and especially wind can take a toll on your pool if not winterized and covered correctly.. Aboveground winter covers in particular can cause lots of problems if not properly installed. Haphazardly placed covers are a sure-fire way to shorten the lifespan of the cover ...

5 Above Ground Pool Winter Cover Tips | InTheSwim Pool Blog

No clear instructions on where to start putting on the disk. I will be returning since I can't even assemble it. Almost cut myself trying. Also I checked the connections. There is nothing in there that fits into my intex above ground pool. Be prepared to go buy parts to make it fit. Most above ground pools have smaller holes in their side walls.
