Wikibooks is an open collection of (mostly) textbooks. Subjects range from Computing to Languages to Science; you can see all that Wikibooks has to offer in Books by Subject. Be sure to check out the Featured Books section, which highlights free books that the Wikibooks community at large believes to be “the best of what Wikibooks has to offer, and should inspire people to improve the quality of other books.”

HTML5 Introduction

100 ISO is generally accepted as a ‘normal’ or ‘standard’ ISO and will give you lovely crisp shots (with little to no noise/grain). Most people tend to keep their digital cameras in ‘Auto Mode’ where the camera selects the appropriate ISO setting depending upon the conditions you’re shooting in (it will try to keep it as low as possible) but most cameras also give you the ...
