The M.C. Escher Foundation was established by M.C. Escher himself in 1968 and its goal was to preserve the legacy of his work. Unfortunately, a large part of the original collection was sold in 1981 to an American art dealer and is thus scattered all over the world. Read more..

M.C. Escher | Biography, Facts, & Tessellation | Britannica

Relativity is a lithograph print by the Dutch artist M. C. Escher, first printed in December 1953. The first version of this work was a woodcut made earlier that same year. It depicts a world in which the normal laws of gravity do not apply. The architectural structure seems to be the centre of an idyllic community, with most of its inhabitants casually going about their ordinary business, such as dining.

Escher in the Palace - Wikipedia

Sky and Water I is a woodcut print by the Dutch artist M. C. Escher first printed in June 1938.. The basis of this print is a regular division of the plane consisting of birds and fish.Both prints have the horizontal series of these elements—fitting into each other like the pieces of a jigsaw puzzle—in the middle, transitional portion of the prints. In this central layer the pictorial ...

Biography - M.C. Escher - The Official Website

Perhaps best known for compositions that feature impossible architecture and suprising transmutations of objects, Dutch printmaker M.C. Escher’s oeuvre reveals seemingly endless imaginative inner worlds. Ranging from the surreal to optical illusionary, the Prints & Multiples Day Sale features a broad range of the artist’s work, showing the varied and remarkable range of a master printmaker.

M C Escher Tervol

Maurits Cornelis Escher (Dutch pronunciation:.; 17 June 1898 – 27 March 1972) was a Dutch graphic artist who made mathematically-inspired woodcuts, lithographs, and mezzotints. Despite wide popular interest, Escher was for long somewhat neglected in the art world, even in his native Netherlands. He was 70 before a retrospective exhibition was held. In the twenty-first century, he became more widely appreciated, with exhibitions across the world. His work features mathematical objects and ...

Sky and Water I - Wikipedia

Waterfall (Dutch: Waterval) is a lithograph by the Dutch artist M. C. Escher, first printed in October 1961. It shows a perpetual motion machine where water from the base of a waterfall appears to run downhill along the water path before reaching the top of the waterfall.
