### Literacy Centers | Reading Rockets

Literacy centers, interest centers, and/or interest groups. Literacy centers can provide choices or be assigned based on readiness levels. Students can work as part of small groups, depending on the task and/or content. Centers can focus on specific reading skills (e.g., phonics or vocabulary) or provide activities that center on a theme of ...

### Literacy - Wikipedia

Health literacy is the ability to obtain, read, understand, and use healthcare information in order to make appropriate health decisions and follow instructions for treatment. There are multiple definitions of health literacy, in part, because health literacy involves both the context (or setting) in which health literacy demands are made (e.g., health care, media, internet or fitness facility ...

### **Health literacy - Wikipedia**

Our understanding of health literacy gains greater depth and meaning in the context of culture. This is especially important given the ethnic and linguistic diversity of the U.S. population. In addition to 211,460,626 Americans of European decent, the 2000 U.S. Census identified 69,961,280 people from 19 other ethnic and cultural groups living in America (U.S. Census Bureau, 2000).

An effective curriculum provides accurate, reliable, and credible information for usable purposes so students can assess risk, clarify attitudes and beliefs, correct misperceptions about social norms, identify ways to avoid or minimize risky situations, examine internal and external influences, make behaviorally relevant decisions, and build personal and social competence.

### **Digital Literacy - an overview | ScienceDirect Topics**

Literacy is popularly understood as an ability to read and write in at least one method of writing, an understanding reflected by mainstream dictionaries. In this view, illiteracy would be considered to be the inability to read and write. Some researchers suggest that the term “literacy” can be historically divided into two periods. Firstly is the period before 1950, when literacy was ...

Author's Note: I've spent nearly 20 years in adult education, 13 of those helping to found and run The Literacy Project, a community based adult literacy program in western Massachusetts. Much of this section and the next is based on personal experience, and most of the examples are out of my own work. In general, my prejudices in this area run to collaborative management and to the concept of ...
