## Operating Systems

### **Galvin ...**

We provide solutions to the Practice Exercises of the Ninth Edition of Operating System Concepts , by Silberschatz, Galvin and Gagne. These practice exercises are different from the exercises provided in the text. (Solutions to the exercises in the text are available only to instructors.) Students are encouraged to solve

the practice exercises  
on their own, and later  
use the solutions to  
check their own  
solutions.

## INTRODUCTION

Chapter 1 introduces the general topic of operating systems and a handful of important concepts (multiprogramming, time sharing, distributed system, and so on). The purpose is to show why operating systems are what they are by showing how they developed.
