Person-Centered Therapy | Psychology Today

This approach asserts that at the core of each individual lies a “positive center”, which is composed of trustworthiness and capability (Corey, 2009). Person-centered therapy is centered on the belief that people have an innate “actualizing tendency” which drives an individual to strive for growth and personal fulfillment (Corey, 2009).

Psychoanalytic and Person-Centered Therapy

Person-Centered Psychotherapies by David Cain is a powerful corrective to this slide into a quasimedical model for psychotherapy, and it is an even more powerful reminder of the humanistic, growth-oriented approach to psychotherapy that made the profession and the field so attractive to those of us who came of age in the 1960s and 1970s.

Person-Centered Therapy (Rogerian Therapy)

As a result, crucial elements of client-centered therapy and the person-centered approach are distorted or minimized. This paper proposes ways that Rogers' writings and those of later client-centered theorists can be reorganized as a clear theory of actualization that highlights human tendencies toward self-directed change.
