Preventive Medicine Guidelines Bundle for Physicians

Access to preventive services by Medicare beneficiaries improved dramatically in 2011. That year, the Centers for Medicare & Medicaid Services (CMS) eliminated the deductible and coinsurance for most preventive services—including the initial preventive physician examination (IPPE)—and waived deductibles for tests that began as colorectal cancer screening tests, but during which become ...

American Medical Association | AMA

Preventive medicine seeks to identify and control risk factors for disease before they cause illness. Accomplishing this goal often means intervening in patient behavior or administering treatment before the onset of symptoms—a measure viewed by some as an intrusion into personal freedom.
