(since what is crucial is freedom in choice, and rationality is crucial to that), by reviewing texts on the subject by three expert authors (namely, Nathanson, Nozick, and Searle).

### **Governmentality - Wikipedia**

In particular, Searle needs to clarify the implications for his theory of practical rationality of our failure to make sense of the possibility of freedom of the will. Rationality, he argues, presupposes freedom. But freedom is inexplicable. It is not sufficient to argue that lack of freedom is equally mysterious, and leave it at that.
