Parks provide important recreation and leisure opportunities for people of all ages. Communities increasingly are developing parks to keep up with demand and the latest design trends. Their goal is to create facilities that are both functional and aesthetically pleasing. To achieve this, the park's owner and the design consultant must find a way to communicate their ideas. People can design ...

Recreation & Senior Services | City of Louisville, CO

Technological advances have had a tremendous impact on the design of fitness and recreation facilities. It used to be that large video displays and high-quality sound systems were luxury items, but now they are design standards. Having specific venues adjacent to each other requires that particular attention be paid to acoustics and sightlines.
