Business valuation specialists generally prefer the SDE method when valuing a business worth \$1 million or less. The SDE method is part of a larger category of methods known as multiples of earnings. In addition to using multiples of earnings, popular valuation methods include asset-based, return on investment (ROI)-based, discounted cash flow (DCF), and market value.

...

Business-to-business (B2B) sales is the process of selling to another business instead of to consumers. In general, it includes a more involved relational and consultative sales process, along with a longer sales cycle, as opposed to the transactional sales process that is more common with business-to-consumer (B2C) sales.
